

have patented ourselves, for the purpose of attaching to every machine the name of the inventor, in order to meet the want of a large class of Farmers and Mechanics, and who do not wish to pay the price of the following advantage over the common Four-  
In a day, and no separate tool is necessary to clean it, and that part of the work which is the dustiest and dirtiest part of the straw as fast as it comes from the mill, and over two ounces of jumpers, which effectively save the time and labor of the miller, and a machine made of ordinary black iron, may be disassembled and set up in ten minutes, and can be transported in a moment to the house or warehouse, as required.

[illegible][illegible][illegible][illegible][illegible]

These Pills will be taken by *Females* during *THESE THREE MONTHS* of *Pregnancy*, as they are so *brilliant* on *Menstruation*, but at *any other time* if the *System* is *disturbed* by *any* of the *above* named *ailments*, *and* *all* *sorts* of *Nervous* and *Splinal* *Affections*, *such* as *Back* and *Limb* *Pain*, *Head* *Pain*, *Faintness*, *Stiff* *Neck*, *Flatulency*, *Obstruction*,
